SUSTAINABILITY

The ship uses the wind, currents and follows the sun to allow adventure seekers to travel the world in a unique way – the aim is to be powered by nature and sail whenever possible, without using the propulsion engines, for around 70% of each voyage.

Golden Horizon, built in 2021, is the world's newest and most beautiful and elegant five-masted barque that is based on the France II, a legendary square-rigged tall ship built in 1912.

Golden Horizon delivers luxurious first-class service, exquisite dining onboard and 140 all ocean view elegant suites and staterooms, as part of the luxurious experience for a total of 274 guests to enjoy sailing the world's seas.
